# Why?

- Parties are inside and will run come rain, hail or shine, so you won't have to worry about having to have a back up plan.
- You don't have to worry about entertaining the party guests, we will do that for you!
- There is no clean up required.
- It's super easy and the whole party will be wrapped up in 2 hours with no mess or fuss.
- Your party will be totally brag-worthy and praised for being unique, creative and fun!
- Our parties are built upon the same values that our circus school is, with a focus on engagement, mindfulness, creative thinking and resilience.
- Circus is not only fun, it's good for you! A recent UniSA study showed that children who participated in circus classes improved their level of motivation to attend school and engage in learning as well as plan and manage schoolwork.
- A second UniSA study showed that for every \$1 invested in circus participation, a \$7 return on social investment is generated via improvements in children's health and wellbeing.

**Our Mission:** To inspire new circus experiences that connect, transcend and awaken our shared humanity through curiosity, art, play and achievement.

**About Us:** The South Australian Circus Centre is a not-for-profit, fully equipped, state of the art circus school located in Bowden, SA. The Cirkidz Circus School runs weekly circus arts classes for children aged 2.5 years, up to adults aged 80! Whether you want to improve your child's confidence and coordination in a non-competitive environment or improve your own strength and conditioning through mastering the art of aerial trapeze, there is a class that will suit your age and skill level.

The organisation was founded in 1985 to provide meaningful recreation and community engagement opportunities for disadvantaged youth in Adelaide's inner west. 30 years later we are still empowering people of all ages by enhancing their social, physical and creative development through value based training and a lot of fun!
